

## 30 YEAR PAINT FINISH WARRANTY

Inland Buildings (IB) extends this limited warranty to the buyer listed in the signatory below and warrants that its goods, identified as KYNAR 500® (a.k.a. KYN Colors) colors used for Exterior building panels and trim, when applied over prime quality GALVALUME® or Hot-Dipped G90 Galvanized coated steel, will perform as follows:

### WORKMANSHIP

All fabricated steel components are warranted only against failure due to defective material or workmanship for a period of one year from the date of shipment.

### COVERAGE

This warranty applies to Goods used on architectural, commercial, pre-engineered or residential metal buildings, which are installed in the continental United States, Canada and Mexico.

The term of coverage for this limited warranty shall be for a period of thirty (30) years after goods shipment from SBS for film integrity and has a period of thirty (30) years after shipment for both chalking and color change.

1. WILL NOT crack, check or peel (lose adhesion) for 30 years, but this does not include minute fracturing, which may occur in proper fabrication of the building parts.

#### SIDEWALL PANELS [for 30 years from installation]

- a. WILL NOT chalk in excess of ASTM D-4214-98 method D659 number eight (8) rating.
- b. WILL NOT change color more than five (5.0) Hunter  $\Delta E$  units as determined by ASTM method D-2244-02. Color change shall be measured on an exposed painted surface that has been cleaned of surface soils and chalk, and the corresponding values measured on the original or unexposed painted surface. It is understood that fading or color changes may not be uniform if the surfaces are not equally exposed to the sun and elements.

#### ROOFING PANELS [for 30 years from installation]

- a. WILL NOT chalk in excess of ASTM D-4214-98 method D659 number eight (8) rating.
- b. WILL NOT change color more than five (5) Hunter  $\Delta E$  units as determined by ASTM method D-2244-02. Color change shall be measured on an exposed painted surface that has been cleaned of surface soils and chalk, and the corresponding values measured on the original or unexposed painted surface. It is understood that fading or color changes may not be uniform if the surfaces are not equally exposed to the sun and elements.

### EXCEPTIONS

This limited warranty DOES NOT APPLY to Goods exposed at any time to corrosive, aggressive, harmful or other abnormal atmospheric conditions, including, but not limited to, the conditions present in the following areas or circumstances:

1. Areas subject to salt-water marine atmospheres or to repeated spraying of salt or fresh water, stored or installed in an environment that includes a high degree of humidity, sand, dirt, or grease, whether naturally occurring or caused by man.
2. Goods installed within 1500 feet of a salt-water or other marine environment.
3. Areas subject to fallout of, or exposure to, aggressive conditions such as airborne abrasives, corrosive chemicals, ash fumes, cement dust, or contact with animals and/or animal waste or its decomposition products, wet cement or mortar, green or wet lumber, carbon black, salts or other chemicals, any acidic compounds carried by air or water including, but not limited to acid rain, whether naturally occurring or caused by man.
4. Areas subject to water run-off from lead or copper flashings, or to areas in metallic contact with lead or copper or installed in areas which are subject to fallout from copper, lead, nickel or silver mining or refining operations.
5. The attachment of components, such as curbs, vents, gutters, flashings signs, fascias, skylights, walkways, guy wires, windows, doors or other such materials, accessories or machinery, the attachment of which is not made known to and approved by SBS in writing prior to installation.
6. Circumstances where corrosive fumes or condensates are generated or released inside the building.
7. Normal wear and tear, misuse or any other case beyond the control of IB.

This limited warranty DOES NOT APPLY in the event of:

1. Goods which have suffered scratching or abrasion or impact by a hard object or improper scouring or cleaning procedures; have been abused, altered, modified, used in a manner not originally intended or stored contrary to SBS instructions or in accordance with goods industry practice; is damaged or stained due to moisture entrapment in bundles/packages during transit or storage; are stored or installed in an area, or in such a way, that damage can occur due to poor air circulation; have suffered any damage caused by acts of God, radiation, falling objects, explosion, fire, riots, civil commotions, acts of war or other external forces;
2. Goods which suffer from severe crazing from radial bending (hems), cut edge exposure or edge creep.
3. Goods which have suffered discoloration or corrosion from the rusting of embedded or topical steel shavings which were not properly removed during the erection process; improper insulation installation allowing moisture to remain in contact with Goods; Goods in direct contact with concrete foundation, grease or wet lumber, wet or damp insulation.
4. Goods which have been damaged by outside sources, improper installation, improper storage or handling, misuse or abuse, or lack of proper maintenance.
5. Deterioration of the panels caused directly or indirectly by contact with fasteners. Selection and specification of suitable long-life fasteners to be used with Goods rests solely with the Buyer.
6. Non-vertical slopes of roof or sections on the roof flatter than 1/4:12 or any other circumstances that cause improper drainage or the holding of water, including internal condensation from overlaps and all other surfaces of the Goods
